

# NEW REWARDS FOR GREEN CLASSES!

MARINE CONSERVATION IN ACTION!

## Rewards for Recycling!

Collect 10 aluminum cans for every student that participated in your program and the teacher will receive one free 8x10 photo of your class! Contact Education for details on arrangements for pick up or drop off of cans.

### REQUIREMENTS

Cans must be:

- Rinsed Clean
- NOT crushed
- In a Plastic Bag

## Eco-Bracelets Beat Trash!

Eco-bracelets make cool jewelry from recycled bags AND help protect marine life! Use the Eco-bracelet Instructions to have each of your students make a bracelet. Send us a group photo of them styling their new jewelry and the teacher will receive one free 8x10 photo of your class!

### REQUIREMENTS:

- 2 Standard plastic shopping bags
- BAGS must be clean
- Option—beads!

PLEASE LET US KNOW AFTER YOUR PROGRAM IF YOU ARE GOING TO PARTICIPATE!

## E-news Stars: Green Class of the Month

Is your class green? Email a photo of your class participating in a conservation action with a brief description of your goal, and you may be chosen as the Green Class of the Month to be posted on social media!

### Conservation Ideas:

- Plant native trees
- Start a recycle program
- Use reusable water bottles
- Paint a conservation mural
- Clean your school yard
- Perform a skit on stewardship
- Sing a song on conservation

# How To Make Eco-Bracelets

**Supplies Needed** 2 clean, standard plastic shopping bags of any color. Option—beads!

## Step 1:

Lay plastic bag flat  
& fold into a  
1-2 inch wide roll.

## Step 2:

Cut off handles  
& cut roll into  
1/2 inch pieces.

## Step 3:

Tie pieces in a knot  
& tape to a table.  
Begin a simple  
3-strand braid.  
Add beads  
as desired.  
Place on wrist and  
tie with knot!
