

The Sea Camp is made for that teacher that wants to link classroom objectives with a day of unforgettable hands-on learning. To start off, the kids get up close and personal with our dolphins in the shallow-water encounter. How does a dolphin navigate? What keeps them warm and cool? A marine mammal makes a huge impression on kids of all ages!

With that enthusiasm to learn more about the Ocean, kids dive into the Marine Activity Session,

exploring a habitat or marine life through experiments and games.

Teachers can select from a variety of topics so the camp content can fulfill a number of curriculum needs and develop science-inquiry skills.

Also included in the price of each ticket is a photo of the student with their dolphin, marine activity, backpack, take-home workbook and, of course, snack & lunch.

Email or call to book today!

Each Program Includes:

- Boat Ride to Blue Lagoon
- Dolphin Orientation & Encounter
- Marine Activity Session -
 - * Marine Mammals
 - * Coral Reefs
 - * Intertidal Zone
 - * Mangrove Habitat
 - * Ask for a full list on booking!
- Healthy Snack & Lunch
- Sea Tag Photo Award
- Backpack & Activity Workbook
- Educator's Kit & DVD/CD Set

The Ocean Odyssey Camp is a journey of discovery through our vast and mysterious oceans. Across three activity sessions, kids will investigate the diverse life found in marine eco-systems of The Bahamas. Your teacher selects the topics and we map out an incredible day of science-based inquiry.

How do dolphins use their echolocation? Are sharks and rays really dangerous? How are animals of the deep adapted to live in such extreme conditions? Underlying all these topics is marine conservation

– ways we need to protect these animals and ocean places.

As a custom-designed program, teachers can also select from:

- Pre-Camp Study Materials
- Snorkeling
- Mangrove Habitat Field Trip
- Beach Clean-Up

Need to go more in depth? No problem! Each topic can be developed for a full day of activities or a multi-day camp scheduled for your class.

Program Includes:

- Boat Ride to Blue Lagoon
- Dolphin Orientation & Encounter
- Two Marine Activity Sessions -
 - * Marine Mammals
 - * Coral Reefs
 - * Intertidal Zone
 - * Mangrove Habitat
 - * Ask for a full list on booking!
- Healthy Snack & Lunch
- Sea Tag Photo Award
- Backpack & Activity Workbook
- Educator's Kit & DVD/CD Set
