

The Sea Lab is all about taking an ocean safari! This program is designed to enhance classroom lesson plans OR field trip activities to drive the message home: marine education is a fun adventure!

On this field trip program, student travel by double-decker catamaran ferryboat to Dolphin Encounters on Blue Lagoon Island.

Once on the cay, the kids will see up-close demonstrations by our fantastic dolphins and sea lions in their natural lagoon habitats. They will also

be able to see and touch some of our smaller critters that live in the Touch Tank, such as conch, urchins and starfish.

The program also includes a colorful art activity which makes the connection between wildlife of the sea and the Ocean we need to protect.

The program includes the option to upgrade the snack to a hot dog lunch for an additional \$2 per child.

### Each Program Includes:

- Boat Ride to Blue Lagoon
- Sea Lion Demonstration
- Dolphin Demonstration
- Marine Art Activity
- Touch Tank Session
- Recyclable Lunch Tote
- Sea Tag Photo Award
- Healthy Snack & Juice
- Educator's Kit & DVD/CD Set

## OCEAN PUPPET PALS

Puppets have always been an important teaching tool at Dolphin Encounters. But on request of teachers, we took them one step further!

We have built a special traveling puppet theater and acquired a tremendous collection of marine characters we now call the Ocean Puppet Pals.

And why? Because according to teachers, puppets have a lot more power to them than you might think.

Puppets allow adults to talk to young kids about tough issues like emotions and how to express emotions in a positive way.

Puppets are creative and inspire kids to drop their apprehension and sing and dance, even with other kids around.

Finally, puppets spark imagination, causing kids to come up with their own new stories. So there you have it: never underestimate the power of puppets.

Book one class only or your whole grade level. Our puppet stars will be the hit of the month!

### Each Show Includes:

- Two marine educators
- Puppet theater & show
- Marine art activity
- Sea Tag Award
